ENGINEERING NEWS-RECORD

A WEEKLY JOURNAL OF CIVIL ENGINEERING
AND CONSTRUCTION PRACTICE

Volume 117

July to December, 1936

McGRAW-HILL PUBLISHING COMPANY, INC.
330 W. 42d Street
NEW YORK CITY

INDEX TO ENGINEERING NEWS-RECORD

VOLUME 117—July to December, 1936

July 2 ..... 1- 36
July 9 ..... 37- 70
July 16 71-104
July 23 105-138
July 30 139-180
Aug. 6 181-216
Aug. 13 217-254
Aug. 20 255-288
Aug. 27 289-322
Sept. 3 323-358
Sept. 10 359-392
Sept. 17 393-426
Sept. 24 427-460
Oct. 1 461-496
Oct. 8 497-530
Oct. 15 531-564
Oct. 22 565-598
Oct. 29 599-632
Nov. 5 633-668
Nov. 12 669-702
Nov. 19 703-736
Nov. 26 737-770
Dec. 3 771-806
Dec. 10 807-844
Dec. 17 845-880
Dec. 24 881-914
Dec. 31 915-948

A

Accidents and accident prevention:
Steel splinters are dangerous.....e346

AERONAUTICS

Airports:
Federal aid asked for city airports..n910
Hangar:
Zeppelin Hindenburg's hangar in Germany n*68
Air conditioning:
Lincoln, Neb. overloads sewers with air-conditioning waste-water..450, e454
American Assn. of Engineers:
Illinois engineers form state assembly n734
American Association of State Highway Officials:
San Francisco meeting..... 866
American Concrete Institute:
Convention to be held in February...n944
American Institute of Steel Construction:
White Sulphur Springs meeting.....n629
American Public Health Association:
New Orleans meeting.....n629, 654
American Public Works Assn.:
Election of officers.....n911
Formation of new body from merger of American Society of Municipal Engineers and International Assn. of Public Works Officials.....*517
Merger of International Assn. of Public Works and American Society of Municipal Engineers.....*517, e522, n838, e836
American Railway Bridge & Building Assn.:
Chicago meeting 688
American Road Builders' Assn.:
Convention and exhibit to be held in New Orleans n319
American Shore & Beach Preservation Assn.:
Washington, D. C. meeting.....n908
American Society for Testing Materials:
Atlantic City meeting.....58, e62, 82
American Society of Civil Engineers:
Los Angeles Flood Control District board asks reinstatement of two engineers n525
Pittsburgh meeting pt. 1, 584, pt. 2, 610
Portland, Ore. convention..... 124
American Society of Municipal Engineers and International Assn. of Public Works:
Merger completed.....n838, e836
Toronto meeting *517, e522
American Society of Planning Officials:
Conference on City Planning.....n797
American Water Works Association:
Harry E. Jordan appointed secretary n*629, e625
Indiana Section honor J. E. Jordan..n765
Water's dual role..... e62
Wisconsin Section meeting.....n561

AQUEDUCTS

Colorado River:
Board will study extension of California water district.....n386
Cut and cover conduit design and construction. D. B. Gumensky....*633
Full circle tunnel lining placed in a simple pour *743
Monolithic concrete siphons built on steel grade. John Stearns.....*531
Precise pumping studies..... 202
Price set for water.....n486
San Diego studies aqueduct water....n943
San Jacinto tunnel progress speeded by inclined adit.....*110
Tight form joints stop cement leakage 371
Valverde tunnel completed.....n527
Valverde tunnel contractor sues Metropolitan Water District.....n798
Delaware aqueduct shaft bids to be asked soon n838
Owens Valley aqueduct:
Corrosiveness of aqueduct water reduced by gas drainage.....*790
Arches:
Computing volume of intersecting arches. L. J. Sack. *507; J. H. Gregory .....l 905
Associated General Contractors:
Officials plan tour.....n487
Washington, D. C. meeting.....n764
Associated Technical Societies of Detroit:
First annual guidance meeting.....n135
Association of Western State Engineers:
Santa Fe meeting.....n838
Awards:
Ambrose Swasey receives Hoover medal n767
A. M. Talbot receives Fritz medal...n764 *798

B

Beach protection, see Shore protection:

BEAMS

Determining beam deflection. Robins Fleming .....l *939
Determining beam deflections without integrating. Odd Albert.....*828
Reinforced concrete beams with end thrust. H. E. Eckles.....l 383
Reinforced concrete beams with end thrust. F. E. Turneaure.....l 203
Stress in concrete beams. C. A. P. Turner .....l 623

BONDS

Alabama bonds on toll bridgs to be refunded n348
Louisiana approves highway bonds...n699

BOOK REVIEWS

Analysis and design of steel structures. Fuller & Kerekes..... 452
Die Berliner U-Bahn Johannes Bousset 936
Design of reinforced concrete structures. Dean Peabody, Jr..... 312
Earthquakes. N. H. Heck..... 452
Earthquake investigation in California, 1934-35 452
Elementary plane surveying. R. E. Davis 313
Engineering alloys. Woldman & Dornblatt 760
Evolving house—rational design. A. F. Bemis 312
Final report of the Steel Structures Research Committee..... 453
Handbook of engineering fundamentals. O. W. Eshbach..... 620
Housing officials yearbook..... 129
Hydraulic and road problems in China 129
Industrial dust. Drinker & Hatch..... 620
Nel cinquantenario della societa Edison 760
New York advancing—scientic approach to municipal government. F. H. LaGuardia 936
Plain concrete. E. E. Bauer..... 129
Platform for America. R. E. Flanders 129
Procedure handbook of arc welding design and practice..... 936
Professional engineer. Esther L. Brown 620
Reinforced concrete. R. A. Caughey... 452
Rich land poor land. Stuart Chase... 936
Slums and housing. James Ford and others 312
Soil erosion and its control. Q. C. Ayres 936
Steadyflow traffic system. Fritz Malcher 312
Story of bridges. Archibald Black... 760
Taschenbuck der stadtentwasserung. Karl Imhoff..... 760
Water supply in Great Britain. R. C. S. Walker 760

BRICKS AND BRICKWORK

Bleachers for Ohio school built of reinforced brick masonry. H. C. Plummer *309
Brick suitable for dense traffic. G. F. Schlesinger .....l 344
Modernization of brick paving. R. L. Phillips *435
Simplified practice recommendation for vitrified brick.....n388

BRIDGE ACCIDENTS AND FAILURES

Binghamton bridge falsework fails....n592
Boston overpass approach settles.....n*389
Buffalo bridge wrecked by truck.....n561
Red Bluffs, Calif., bridge collapses after collision n696
Virginia bridge failure.....n388
Washington contractor killed by falling beam.....n838
Washington viaduct accident investigation n910

BRIDGE CONSTRUCTION

Federal funds allotted for flood damaged bridges.....n560
Florida East Coast Railway line welds new bascule span. Heath Lawson..*408
Harpers Ferry railroad bridge revamped for highway use. P. G. Lang, Jr...*896
Henry Hudson Bridge of hingeless arch construction. W. K. Greene..*669, e694
New York Central elevates five miles of track through Syracuse.....*881
Oregon highway three-hinge timber arch bridge built by C.C.C. W. D. Smith.*920
Railway bridge construction and maintenance discussed by A.R.B. & B.A.. 688
Russia-nailed timber centering for concrete arch bridges—correction. R. S. Soule, Jr.....l 203
St. Charles, Mo., Wabash Ry. cantilever bridge erected from one end. S. M. Smith *690
San Francisco-Oakland Bay Bridge:
East Bay crossing structural details Purcell, Andrew & Woodruff.....*737, e762
Stockholm bridges have steel arches erected by falsework elevator.....*606
Washington State — cellular concrete bridges recently built.....*637, e656
Washington State—concrete bridge costs. Louis Balog.....l 904
Wickenburg, Ariz., uses steel piling..*280
Bridge Demolition:
Great Britain tests old bridges by loading them to destruction.....n349
Waterloo Bridge, London, demolition.*334

BRIDGE DESIGN

American Institute of Steel Construction: 8th annual bridge design awards made n*28
Breaks of suspension bridge wire studied e62
Budapest bridge constructed of shallow continuous trusses. F. L. Ehasz.....*545
Counterweighted rigid frames.....e204
Earthquakes and bridges.....e940
Hannibal, Mo. long continuous truss bridge design. J. I. Parcel.....*362
Henry Hudson bridge is the longest fixed steel arch. Steinman & Gronquist *232
Hingeless arch bridge.....e694
Long timber trusses. Jose Sanabria..l 315
Lorain Avenue, Cleveland, viaduct design. J. R. Burkey..... *37
Loup River Canal to be spanned by fifty-six bridges. Justin Nicolet....*181
Pittsburgh-Homestead bridge achieves continuity and determinacy.....*328
Mount Hope, R. I.—heat treated bridge wire failures reproduced in tests.....*217; e249
Mount Hope, R. I.—questions on wire tests. E. E. Thum..... 221
Narrow bridges should be scrapped....e418
Port Angeles, Wash., composite trestle-type bridges on 100 ft. two column bents *197
Rio Chiriqui Bridge, Panama—Pan-American Highway bridge design. C. M. McCullough.....*757
San Francisco-Golden Gate bridge towers 700 ft. high. C. E. Paine.... *497, e522; L. S. Moisseiff.....l 655
San Francisco-Oakland Bay Bridge:
Consists of two crossings. Purcell, Andrew & Woodruff.....*255
East Bay crossing structural details. Purcell, Andrew & Woodruff..*737; e762
Vierendeel girder bridge introduced in America at Los Angeles. L. T. Evans *471
Wichert truss. H. W. Birkeland.....l 483

BRIDGE FLOORS:

Bridgeport bascule bridge floor modernized *56
Timely improvement e132

BRIDGE RENEWALS AND REPAIRS:

Flood-damaged allotted federal funds..n659
Rochester bridge moved to serve detour while new one is constructed. E. F. Perry *725
Timber bridge in West Virginia reinforced. A. K. Erb..... *85

BRIDGES:

Alabama:
15 bridges freed of tolls.....n488
Baton Rouge, La.:
Bridge approved by War Dept.....n486
Bridgeport, Conn.:
Stradford Avenue bascule bridge floor modernized *56
Budapest, Hungary:
Horthy Miklos bridge constructed of shallow continuous trusses. F. L. Ehasz *545
Buenos Aires, Argentina:
Bids asked for on lift bridge.....n697
Chicago:
Outer Drive bridge to have wider approach n840
Outer drive link takes shape.....n*731
Cleveland, Ohio:
Lorain Avenue viaduct. J. R. Burkey *37
Denmark:
Zealand to Falster bridge.....n*206
Des Moines bridges:
Contracts cannot be modified.....n388

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Fort Huron, Mich.:
Highway bridge approved.....n386
Galveston, Tex.:
New causeway to be built to relieve traffic n*98
George Washington Bridge, Seattle:
Heavy ridge traffic. Joseph Jacobs..1 905
Grand Coulee Dam:
Bridge pier righted after slide causes tilting *410
Hannibal, Mo.:
Long continuous truss bridge. J. I. Parcel *362
Harpers Ferry, W. Va.:
Railroad bridge revamped for highway use. P. G. Lang, Jr.....*896
Jupiter, Fla.:
Florida East Coast Railway line welds new bascule span. Heath Lawson..*408
Kincardine, Scotland:
New Forth bridge a 364 ft. swing span n699
London, England:
Traffic to docks improved by road diversions and elevated roadways... 111
Waterloo bridge demolition.....*334
Los Angeles County flood project:
Vierendeel girder bridge introduced in America. L. T. Evans.....*471
Loup River, Neb.:
Canal to be spanned by fifty-six bridges. Justin Nicolet.....*181
Maine highway bridges and underpass (unit prices) 770
Middletown, Conn.:
Connecticut River bridge (unit prices) 391
Milwaukee & St. Paul R.R. places grade crossing girders with sand jacks.....*513
Mount Hope, R. I.:
Heat treated bridge wire failures reproduced in tests.....*217; e249
Questions on wire tests. E. E. Thum... 221
New York City:
George Washington bridge shows traffic gains 713
George Washington bridge tunnel work advertised n420
Henry Hudson bridge design is the longest fixed steel arch. Steinman & Gronquist *232
Henry Hudson bridge hingeless arch closed n*65
Henry Hudson bridge of hingeless arch construction. W. K. Greene.. *669; e694
Henry Hudson bridge paving begun.n*387
Queensboro Bridge. Vacuum concrete in test section of paving.....n*564
Triborough bridge approach in Astoria n*840
Bridge opened—costs. n101; correction 203
Spinning cables in the saddles. J. H. Leon.....*300
What does a bridge cost..... e96
North Umpqua River, Oregon:
CCC builds three-hinge timber arch bridge. W. D. Smith.....*920
Oregon:
Coast highway bridges discussed at A.S.C.E. meeting 125
No tolls on Oregon bridges. R. H. Baldock 1 623
Pan-American highway:
Bids called for bridges on highway.. n65
Contract let for bridges in Panama, Honduras, and Guatemala.....n459
Pittsburgh-Homestead:
Continuity and determinacy combined *328
Port Angeles, Wash.:
Composite trestle-type bridges on 100 ft. two column bents.....*197
Rio Chiriqui Bridge, Panama:
Pan-American highway bridge design. C. B. McCullough.....*757
Rochester, N. Y.:
Olde street truss bridge moved to serve detour. B. F. Perry.....*725
St. Charles, Mo.:
Railway bridge opened to traffic....n592
Wabash Ry. cantilever bridge erected from one end. S. M. Smith.....*690
San Francisco-Golden Gate bridge:
Cable spinning completed.....n*251
Cable wrapping begins.....n841
Designing bridge towers 700 ft. high. C. E. Paine, *497, e522; L. S. Moiseiff 1 655
Grading an approach.....n*350
Net under bridge saves two lives...n*594
Safety net n*487
Safety net to catch anyone falling...e174
J. B. Strauss engineer, wins suit against bridge n732
San Francisco-Oakland Bay bridge:
Amount of tolls under discussion....n592
East Bay crossing structural details. Purcell, Andrew & Woodruff.*737; e762
Nears completion n*422
Safety in construction.....e728
Tolls equal half million in 19 days..n911
Truck roads 728
Vehicular traffic claims upper deck of bridge n*696; e695
West Bay crossing consists of two bridges. Purcell, Andrew & Woodruff *255
Stockholm, Sweden:
West and Palsund bridges have steel arches erected by falsework elevator *606
Storstrom Bridge, Denmark:
Foundations for bridge and sampler.*271
Long railway-highway bridge completed n*943
Syracuse:
New York Central elevates five miles of track *881
Toll-bridge bill vetoed..... n64
Vancouver, B. C.:
Changes in plan lengthen bridge..... 745
Suspension bridge approved.....n251
Waal, Holland:
Longest steel arch in Europe.....n*26
Washington, D. C.:
Francis Scott Key bridge—rumors of bad condition are untrue.....n318
Washington State:
Cellular concrete bridges recently built *637, e656
Concrete bridge costs. Louis Balog..1 904
Wickenburg, Ariz.:
Steel piling *280
Yaquina Bay, Oregon:
Fifth and last bridge on coast highway opened n*421

BUILDING ACCIDENTS AND FAILURES:

New York City apartment house collapse to be investigated..... n67
New York apartment house collapse starts study of building law enforcement n28
New York City apartment house collapse—buildings and architects arrested n177; e175
Safe building e283

BUILDING CONSTRUCTION:

Bad building e523
Birmingham, Ala., tamped earth houses constructed n*177
Bleachers for Ohio school built of reinforced brick masonry. H. C. Plummer *309
Building organization of Treasury Department reorganized *86
Chicago — straightening a leaning building *407
Detroit grandstand concrete pumped in cold weather. E. D. Roberts.....*711
Glass block windows for glass factory..*603
Japan needs engineers of Olympic Games construction n348
Jurisdictional referee for building union n386, e384
La Grange, Ill., factory built by welding *90
New York City construction work may be supervised by engineer.....n456
PWA finances most hospital construction n524
Rammed earth walls increase in strength with age. R. L. Patty..... *44
Reform building practice now.....e907
Rock Island Arsenal X-ray room built with thick concrete walls.....*648
Safety provisions included in building contract n594; e591
Steel frame house costs. C. M. Barber 277
Tacoma warehouse roof trusses placed by crane after assembly. N. S. Perkins *652
Building construction, see also Girders

BUILDING DESIGN:

Brewery stockhouse shows advanced framing design. S. E. Berkenblit..*380
Distribution of shearing stresses in concrete floor slabs under concentrated loads 308
Earthquakes and power plants..... 122
Framed concrete residences in California. A. W. Pioda.....*924
Mill building design..... e63
Santa Monica aircraft assembly plant incorporates span steel arches in roof.*542

BUILDING REGULATIONS:

Building Codes:
A. S. A. building code committee enlarges its plans..... 613
Wisconsin Supreme Court upholds assessments for code enforcement.. n67
New York apartment house collapse starts study of building law enforcement n28
New York professional engineers ask building law changes.....n734
Building repairs and alterations:
Indianapolis pharmaceutical warehouse adds three stories.....*692

BUILDINGS

Birmingham, Ala.:
Tamped earth houses n*177
Brewery stockhouse shows advanced framing design. S. E. Berkenblit ..*380
Chicago, Ill.:
Straightening a leaning building..... 407
Cleveland, Ohio:
Bleachers for school built of reinforced brick masonry. H. C. Plummer *309
Detroit:
Pumping grandstand concrete in cold weather. E. D. Roberts *711
Fort Knox, Ky.:
New gold vault building.....n*909
Gas City, Ind.:
Glass block windows for factory *603
Hershey sports arena:
Largest concrete shell roof building..n796
Indianapolis, Ind.:
Adding three stories to timber pharmaceutical warehouse *692
Kansas City:
Old public buildings replaced with modern structures n876
La Grange, Ill.:
Welding builds a factory *90
Linden, N. J.:
General Motors to build assembly plant for automobiles n330
General Motors plant construction contract awarded n459
London:
Crystal Palace destroyed by fire....n*942
New York City:
Eleventh building unit started n29
World's Fair buildings to be governed by special building code.....n524
Pawtucket, R. I.:
City buys textile plant n386
Philadelphia:
U. S. Naval Hospital was one of the first to use soil mechanics in foundation design. W. H. Allen 1 315
Rock Island, Ill.:
Arsenal X-ray room build with thick concrete walls *648
San Francisco:
Federal mint designed with earthquake resistant frame n*349
Santa Monica, Calif.:
Aircraft assembly plant incorporates span steel arches in roof *542
Tacoma, Wash.:
Timber roof trusses of 111-ft. span placed by crane after assembly. N. S. Perkins *652
Trenton, N. J.:
Post office contractor recompensed for government delays in construction n874
Washington, D. C.:
Federal office building n*528
Byllesby Engineering & Management:
Name changed n458

C

Cables:
Triborough Bridge cable spinning. J. H. Leon *300
Canadian Department of Transport:
Organization of Department n697

CANALS

All-American canal:
Alloted three million for power unit and distribution system n765
Allotment for power plant n799
Lining a section with clay n*179
Cape Cod Canal:
Revetments for canal (unit prices).. 632
Florida Ship Canal:
Engineers approve canal...n730; 796; e794
Loup River Canal:
Fifty-six bridges to span canal. Justin Nicolet *181
First water admitted.....n839
Project constructs desilting basin...*574
Rio Grande canalization making progress n526
San Joaquin Valley canals to be constructed 89
Tokyo Yokohama Canal:
14 mile canal to be completed.....n558

CEMENT

A.S.T.M. discusses cement..... 82
European cement admixture..... 736
Standard cement specifications argued in meeting of A.S.T.M..... 662
Central States Sewage Works Association Indianapolis meeting..... 713

CITIES

California voters approve amendment to consolidate city and county governments 789
Deflating city services.....e317
Institute of Municipal Law Officers discusses city and federal relationships.779
Iowa surveys traffic regulations in major cities 445, e454
Local debt increases slight during the depression years n909
Municipal financing needs reform.....e762
Municipal power favored by cities in P.W.A. loans n875
Municipal works revival necessary. E. O. Griffenhagen.....*427
Sacramento looks ahead to growth problems. E. J. Klaus.....*430
Seattle's plans for city officials.....e384
City Manager:
Plan for management now 28 years old 720
Tenure records and activities of city managers analyzed 55
City Planning, see Planning
Civil service for government employees.. 509

COFFERDAMS

Bonneville cofferdam repaired by jetty construction methods *461
Chicago sewer tunnel built with heavy cofferdams n*320
Grand Coulee Dam plans for second cofferdam *464

CONCRETE

A. S. T. M. discusses concrete..... 82
Compressive and flexural strength of concrete compared. W. A. Blanchette *541
Computing concrete strength. H. H. Hadley 1 281

Concrete table for contractors' use. W. G. North *77
Illinois highway laboratory studies concrete with cold tests and curing rooms. V. L. Glover..... *893
Grand Coulee Dam concrete dispatching system *377
Grand Coulee Dam concrete improved by better mixer control..... 546
Grout ejector for patching concrete...*311
Handling of concrete and aggregates L. H. Tuthill..... *934
How to handle concrete materials.....e940
Pumping Detroit grandstand concrete in cold weather. E. D. Roberts.....*711
Puzzolana cements. Bailey Tremper..l 315
Puzzolanas in concrete. R. A. Kinzie, Jr. ..... l 61
Temperature in Tremie concrete. H. A. Moody *260
Tests on transferal of stress between concrete and steel. Paul Beermann..*336
Tight form joints stop cement leakage. 371
Vacuum concrete tried on Queensboro Bridge n*564
Water content in concrete varied to suit vibration 382

Conduits—See Aqueducts

CONSTRUCTION

A. G. C. surveys federal funds for public roads 788, e795
Appraisal of the construction business and present recovery economics. W. A. Klinger..... 45
Cost accounting for non-military work performed by enginners of U.S. War Dept. (tables). J. P. LaCroix 849, e872
Costs are up..... e556
New Congress and construction..n696, e695
Trends upward e522
W.P.A. material and equipment costs.. 748
Winter Construction:
Tensleep Creek Dam spillway housed for winter work. C. A. Gould.....*756
Construction, see also Bridge construction, Building construction, etc.

CONSTRUCTION EQUIPMENT:

Bucket to lift coal..... *801
Car loader *947
Chain, manganese-steel dragline..... *631
Compressor 353
Compressor, portable 211
Concrete finishing machine..... *491
Concrete placer 736
Control system for shovels and cranes..*353
Controller, low-sensitivity 211
Core cutter *425
Cranes:
Tacoma warehouse roof trusses placed by crane after assembly. N. S. Perkins *652
Ditcher, truck mounted *104
Ditcher, wheel type..... *211
Drifter drills, automatic fed..... *736
Dust counter *631
Eductor, truck-mounted for vacuum removal of debris from catch basins *519
Excavator work in low headroom..... *947
Grader, light motor..... *948
Loader, truck mounted..... 211
Machine work prevails for highway maintenance. T. H. Dennis.
pt. 1, factors governing selection.... *144
pt. 2, equipment management..... *148
Manhole cushion reduces noise..... 947
Pavers, triple units at Evanston, Ill...*359
Pressure regulators 631
Pump, abrasion-resisting 736
Pump for dewatering cofferdams..... *425
Radio device locates underground pipes 947
Riveting hammer, air-cooled..... *104
Road form, self aligning..... *631
Safety belts 631
Safety net to catch anyone falling.... e174
Safety net use. James Wilson..... l 315
Scraper, truck mounted..... *947
Pavers, triple units at Evanston, Ill...*359
Shovel, chain *425
Shoring equipment *211
Snow loader, articulated conveyor in..*948
Snow loader, spiral feed..... *947
Unloader, remote control..... *491
Valve, water metering *353
Vibrator for concrete pavement..... 801
Weld tester 736
Welders, Noel 564
Welder, portable *104, *353
Construction League:
Policy Committee nominates officers..n798

CONSTRUCTION MATERIALS:

A.S.T.M. meeting discusses specifications and research of materials... 58, e62, 82
Building materials dealers investigated by F.T.C. n387
Cotton sheeting for roof repairs. Louis Deck, Jr. *508
Hollow masonry units designations changed by A.S.T.M..... 89
Prices rising e906
Tamped earth for houses. R. L. Patty.. *44, n*177
Construction materials. See also Brick, Cement, Concrete, Lumber.

CONTRACTORS

Arkansas sales tax ruling upheld by Supreme Court n65
Bids:
New York starts prequalification of bidders on highway contracts..... n100
PWA to bar irregular bidders..... n64
Court recompenses contractor for government delays in Trenton post office construction n874
Kentucky contractor refused payment under illegal contracts n877
Louisiana registers general contractors n179
New York contractor held liable for injuries on ferry..... n731
New York State Court holds contractor liable for wages on subcontract.. n178; correction n206
Oakland, Calif. tunnel contractor sues highway district n98
Oregon contractors working on federal projects exempted from state tax...n733
Orlando, Fla., wins suit against contractor for paving work..... n29
Prequalification required on New York highway contracts n100
Prequalification required on New York World's Fair n877

CONTRACTS

Building contract suit raises question of constitutionality of Relief Act.....n594
Cement contract for city of Niagara Falls awarded by drawing from hat 818
Federal bids that are identical to receive awards by lot..... n908
Law of delays and extras in government contracts. Frederick Schwertner 261
Montreal considers revision of its bidding methods n734
Safety provisions included in building contract n594, e591
Walsh-Healey Act n348
Walsh-Healey Act regulations exempt construction work from Act..... n458
Walsh-Healey Act resisted by truck bidders n627
Walsh-Healey Act restricts dealers....n841
Council for Industrial Progress:
Federal coordinator calls industrial conference n734
Signs of progress..... e873
County and city government consolidation in California approved by voters.. 789
Cribbing:
Metal cribwall repairs Idaho road slide *280

D

Dam Congress:
Congress on Large Dams and World Power Conference held simultaneously 413, e418

DAMS

Alamogordo Dam, Minn.:
Height raised seven feet..... n877
Alcova Dam:
Grouting seals dam..... *323
Arnold Dam (No. 2 Colorado River, Tex.):
Bids voided by transfer of authority. n27
Bartlett Dam:
Contract awarded for construction... n66
Black Warrior River Dam, Birmingham (unit prices for dam)..... 701
Boca Dam:
Contract awarded n661
(Unit prices for dam)..... 701
Bonneville Dam:
Completing the piers n*562
Jetty construction methods used in repair cofferdam *461
Oregon Planning Board state that all Bonneville power will be in use by 1945 ..... n658, e656
Boulder Dam:
First big generator starts..... n526
Lake Mead's effect upon weather will not be studied n560
National Park Service to develop surroundings n593
No weather effect from Lake Mead..n593
Power generation begun in plant.. n423, e418
Power line work to start soon..... 829
Studies of river scour..... 544
Test of outlet works made..... *414
Braeburn Dam:
Repairs (unit prices)..... 632
Brazos River Dams:
Injunction limits work..... n910
California—nine hundred dams inspected. G. W. Hawley..... *71, e96
China:
Rockfill dam on Shing Mun River has steel concrete face..... *677
Conchas Dam:
Contract awarded n525
Croton Dam:
No hearing to be held on safety of dam n208
Dam building reaches a climax. R. A. Sutherland (tables) *807, e836
Data on dams of all types over 100 ft. high (table) 810
Diablo Dam:
Generators started n486
Earthquake-proof earth dams. F. H. Tibbetts *10, e24
East Barre, Vt.:
Winooski flood control system tested by spring floods. C. D. Curran..*510
Fort Peck Dam:
Bank construction. T. A. Middlebrooks ..... l 345
Dredge pumps changed in fast time 619
Dredging records shattered..... n386
Emergency gates for tunnels (unit prices) 391
Excavation tunnel completed..... n766
Fifth dredge for dam..... n*286
Fort Peck Dam today. H. W. Richardson
pt 1 impressions of a year's progress *105, e132
pt 2 dredge plant characteristics and hydraulic fill operations..... *188
pt 3 tunnel enlargement and lining..*238
pt 4 grouting the tunnel..... *274
pt 5 spillway gates and channel paving *295
Half done; dredging stops for winter n731
Rock bids rejected, army engineers to open quarry..... n388
Fresno Dam:
Bids asked for project..... n594
Construction proposed (unit prices).. 769
Friant Dam:
Surveys for construction under way.. 89
Grand Coulee Dam:
Columbia River bridge pier righted after slide gauges tilting..... *410
Concrete dispatching system..... *377
Concrete improved by better mixer control 546
Construction camp water consumption 364
Excavation earth slides stopped by frozen earth..... n*732
One-half million cu. yd. of concrete poured n*29
Outlet gate contract let..... n840
Program for second cofferdam..... *464
Ready for river diversion..... n*842
Unexpected revenue from visitors....e590
Height of a dam..... 816, e837
Correction 939
Hodges Dam:
Strengthening and increasing the rigidity of the dam. F. D. Pyle.*644, e656
Tests on transferal of stress between concrete and steel. Paul Beermann..*336
Little Rock, Ark.:
Rolled earth dam for reservoir..... 718
(Unit prices for waterworks dam).. 703
Marshall Ford Dam:
Bids for the construction (unit prices) 844
Contract awarded..... n838
Three bids received..... n626
Mississippi River:
Dam No. 14 (unit prices) 769
Dam No. 16 nearing completion n*527
Dam No. 21 (unit prices) 426
Dam No. 22 (unit prices) 530
Norris Dam:
First power generated..... n208
Parker Dam:
Diversion of Colorado River through tunnels at dam..... 647
Holing through diversion Tunnel No. 1 ..... n*137
Pine View Dam:
Cutoff nears completion..... n*560
Quabbin Dam:
Quabbin earth dam (unit prices)... 530
San Gabriel No. 1:
Photogrammetric surveys give dam and quarry yardage. Paul Baumann. *915
Recovery suit settled out of court..n251
View of dam..... n*67
Seminoe Dam:
Work begun n*207
South Catamound Creek Dam (Colorado Springs):
Second steel-faced dam built..... *599
Spencer, Neb.:
Northern Nebraska Power Co. dam fails n486, n526
Weak shale foundation caused failure.n876
Tensleep Creek Dam:
Spillway housed for winter work. C. A. Gould..... *756
Tygart Dam:
Concrete in dam nears the top....n*658
Drawings:
Two point perspective scale aids in making drawings. L. J. Smith..... *382

DREDGES AND DREDGING:

Cutter head handles rock in Washington *505
Dynamite bombs aid in dredging small streams *279
Fort Peck Dam:
Dredgeplant characteristics and hydraulic fill operations. H. W. Richardson *188
Dredge pumps changed in fast time.. 619
Dredging records shattered..... n386
New England dredging (unit prices).. 913

DRILLS AND DRILLING:

Control of rock dust in construction
pt 1 Health and medical aspects of silicosis. A. L. Lanza..... 746, e763
pt 2 Practical control equipment and methods. T. F. Hatch..... *781
pt 3 Silicosis legislation..... 832
Drill dust control equipment tested in New York State..... 789
Drydocks:
Peak Harbor drydock, Hawaii—navy rejects only bid..... n877
Duggan, George H. resigns presidency of Dominion Bridge Co..... n178

E

Earth fill:
New York's World's Fair—ash fill converts swamp into grounds for fair....*565

EARTHQUAKES:
Earth dams which are earthquake proof. F. H. Tibbets *19, e24
Elevated tanks in earthquakes. H. A. Sweet 194, e97
Power plants and earthquakes 122
San Francisco constructs cisterns to store water to protect city during earthquakes 223
Seismic analysis e590
Electric Railways:
Chicago Lake Shore Drive car tracks ordered removed n910
Electric Transmission:
Boulder Dam power line work to start soon 829
Employees:
Merit system for government employees 509

ENGINEERING:
New York State protects engineering practice n841
Night schools in Buffalo and Chicago..n488
San Francisco Golden Gate bridge suit won by J. B. Strauss n732
Training engineering craftsmen. H. P. Eddy ..... l 727
Engineering Foundation of Buffalo:
Form central organization n697
Organizes committees for welding research 269
Engineering Institute of Canada:
Maritime meeting at St. John, N. B. ... n387

ENGINEERS:
Bargain prices on engineers e484
Broadened outlook needed e624
Call for code of ethics applicable to all civil engineers e132
Consulting engineering business ..... l 61
Educational qualifications of engineers 224
Engineer on the witness stand. M. T. Bennett 708, e728
Engineering examiners meet n628
Licensing:
Alabama appoints registration board.n177
California revokes licenses of 29 in six years n732
Professional discipline e762
Making structural engineers in college. Hale Sutherland 369
Making sure of fundamentals e657
Mexico to stop hiring foreign engineers.n875
Municipal career service held back by obstacles 609
New York City WPA raises pay for architects and engineers n286
President's letter answered by educators n661
President suggests balanced training..n626
To crystallize the profession e557
Engineers Council for Professional Development:
Engineering curricula approved..n623; e624
Full-time vice-chairman appointed ... n697
Reports from four main committees presented at meeting n525
New York meeting 54
Erosion:
Upstream Engineering Conference discusses soil and water conservation.. 478; e485

EXPOSITIONS:
New York World's Fair:
Grading the fair site *565
Layout and theme of Fair announced. n*550
Plans described by Whalen n488
Requires contractor pre-qualification n877
Transportation planned for 160 000 persons per hour n*627
Power development in the U. S. shown by exhibits n420
San Diego, Calif., exposition reopened.. *53

F

Federal Power Commission:
To establish regional offices n66
Federation of Architects, Engineers, Chemists and Technicians:
Continues school n459
Merges with International Federation of Technical Engineers n486
Ferries:
Dunkerque, France—Landing facilities for French-English car-ferry steamers*640
Fire Prevention and Protection:
San Francisco constructs cisterns to store water to protect city during earthquakes 223

FLOODS AND FLOOD PROTECTION:
Appropriations for flood surveys..n767; e763
A.S.C.E. discusses river control, pt. 1, 584, e590; pt. 2 610
Better flood forecasting and flood warning needed. R. E. Turner 751

AUTHOR INDEX

Adams, C. M.: Ending malaria in New Mexico *372
Agg, T. R.: Taxes and transfer of control (Current highway problems)... 722
Albert, Odd: Determining beam deflections without integrating.....*828
Allen, Walter H.: Early use of soil mechanics in foundation design....1 315
Allison, Alexander, Jr.: Cast iron pipe with flexible joints used for stream crossing *853
Anderson, G M.: Brick road craftsmanship *160
Andrew, C. E., C. H. Purcell & G. B. Woodruff: Bay Bridge suspended structure *255
East Bay crossing of the Bay Bridge.*737

Baker, M. N.: Decline of typhoid.....*397
Error—typhoid map 1 727
Balog, Louis: Concrete bridge costs....1 904
Barber, C. Merrill: Steel-frame house costs 277
Barnes, George E. & F. L. Plummer: Hydraulic and structural work at Case School *365
Baumann, Paul: Photogrammetric surveys give dam and quarry yardage...*915
Beermann, Paul: Tests on transferal of stress between concrete and steel...*336
Bennett, Martin T.: Engineer on the witness stand 708
Berkenblit, S. E.: Progressive advance in brewery stockhouse framing.....*380
Besson, F. S.: Sound asphalt road mix made with ordinary concrete sand...*539
Birkeland, Halbard W.: Wichert truss..1 483
Blanchett, William A.: Compressive and flexural strength of concrete compared *541
Bolton, Frank L.: Salt on concrete pavement 1 871
Borge, J.: Efficient refuse incineration.. 1 94
Bowie, William: More levels and maps needed 1 247
Brahdy, Alfred: Die Berliner U-Bahn—review of book.....936
Breed, Charles B.: Long-time road planning (Current highway problems)... 753
Brehm, A. J.: Navy Yard's record clear.1 345
Brooks, Robert B.: Neuvo Laredo-Mexico City highway *521
Burkey, J. R.: Steel arch viaduct design governed by architectural objectives *37

Cairncross, A. T.: Transportation in China 1 727
Caloney, Herndon P.: Correction of article 1 483
Calvert, C. K.: Joins staff of Indianapolis Water Company.....1 698
Camp, Thomas R.: Analyzing distribution networks 1 693
Carpenter, E. E.: Ice prevention decreases flume outages.....*87
Clarke, J. Lyell: Inland control methods.*266
Clemmer, H. F.: Concrete pavement and base embody latest research.....*715
Coloney, Herndon P.: Land-title discrepancies present surveying difficulties..*307
Commons, George G.: Better flow formulas 1 726
Commons, George C. & J. W. Pritchett: Cloudburst flood formula 1 655
Conner, C. N.: Secondary or feeder roads 902
Cooke, Charles W.: Hartford conducts a regional geodetic survey *431
Corkran, W. S.: Mosquito abatement in Delaware *374
Crandell, John S.: Germany builds superhighways *289
Curran, Charles D.: Spring floods test Winooski flood-control system.....*510
Curtiss, Charles D.: Road upkeep—the problem *140

Deck, Louis Jr.: Cotton sheeting in roadbuilding 1 904
Roof repairs with cotton sheeting *508
Dennis, T. H.: Machine work prevails pt 1 factors governing selection.....*144
pt 2 equipment management *148
Doland, J. J.: Simplified analysis of flow in water distribution systems *475
Draper, Earle S.: Free design principles applied on a rural road *681
Drucker, M. A.: Discontinuous web girder.1 871
Discontinuous-web girder design outlined 1*622
Duncan, Frank K.: Measuring incinerator performance by residual ash analyses.*472
Dwyer, B. G.: Ridding road mix of water.*168
Dykstra, C. A.: Fallacy of tax limitation 888

Eckles, Harry E.: Reinforced concrete beams with end thrust 1 383
Eddy, Harrison P.: Training engineering craftsmen 1 727
Ehasz, F. L.: Shallow continuous trusses for Budapest Bridge *545
Eiffert, C. H.: Prediction of runoff aided by grouping rainfall data.....*917
Erb, Arthur K.: Reinforcing an old timber bridge *85
Evans, L. T.: Vierendeel girder bridge introduced in America *471
Everett, G. 5.: Road oil and asphalt congress 583

Fairband, H. S.: Highway holiday (Current highway problems) *467
Finch, Roy G.: Writing a highway constitution (Current highway problems).. 548
Fiske, Harold C.: Tennessee River Valley studied by army engineers 1 938
Fleming, Dobins: Beam deflection once more 1*939
Continuity in building frames 1 131
Foley, Edward H. Jr.: Looking forward to municipal housing *926
Foster, H. A.: North Platte surge tank..1 727
Foster, Ralph W. & C. H. Kressler: Harrisburg's waterworks failure during the flood (Cities without water pt 2) *15

Gies, Russel W.: Control technique and organization *225
Giesecke, F. E. & P. J. A. Zeller: Secondary treatment of sewage in an artificial lake *674
Giffin, H. W.: Freeway in intersections (Current highway problems).....*514
Glover, V. L.: Curing rooms and cold tests for better concrete *893
Goodell, Paul H.: Street lighting and safety *448
Gould, C. A.: Mountain dam spillway housed for winter work *756
Gray, Bernard E.: Maintaining macadam roads *163
Gray, Harold F.: California's campaign..*405
Greene, W. K.: Special problems of hingeless arch erection *669
Gregory, John H.: Computing volumes in intersecting arches 1 905
Griffenhagen, E. O.: Municipal works revival *427
Grinter, L. E.: Elevated tanks and static loads 1 383
Gronquist, C. H. & D. B. Steinman: Designing the longest fixed steel arch..*232
Gumensky, D. B.: Achieving strength and tightness in cut-and-cover conduit *633
Gutmann, I.: Cloudburst flood formula..1 905
Engineering sets high mark on German super highways *292
New cloudburst flood formula.....*474

Hadley, Homer M.: Computing concrete strength 1 281
Hall, C. L.: Traffic on the Ohio River....1 281
Harding, H. T. B.: Chemical solidification in the Moscow subway.....1 94
Harman, Jacob A.: Concrete silo staves used to pave Peoria streambed.....*470
Hastings, A. O.: Asphalt patching trues up automobile race track *370
Hawley, George W.: Nine hundred dams inspected *71
Headlee, Thomas J.: Mosquitoes: species and habits *199
Hendrick, W. B.: WPA street marking project aids traffic movement.....*279
Hess, O. S.: County road organization....*154
Hinderlider, M. C.: Rainfall and runoff in Colorado *243
Hines, Edward N.: Cleaning expansion joints *617
Holbrook, G. C.: Complete incinerator..1 315
Hopkins, N. F.: Gas and steam flow problems solved by diagram and sliderule.*552
Hough, Frederick L.: Numerical value of web splices *273
correction 483
Howard, L. O.: Growth and importace of anti-mosquito work *118
Howe, H. E., E. Soucek & F. T. Mavis: Sutro weir investigations furnish discharge coefficients *679
Howson, L. R.: Design features of Denver's newest filtration plant *78
Hill, Walter O.: Bypasses box the compass *47

Jacobs, Joseph: Flood control policy....1 131
Heavy bridge traffic in Seattle.....1 905
Jorgensen, Lars: Chemical solidification on the Moscow subway 1 483

Keefer, C. E.: Cross-connection hazards at sewage disposal plants 237
Venturi measurement of raw and digested sludge *714
Kendrick, W. B.: Resurfacing 29-year-old streets at Lawton, Okla. *643
Kinzie, Robert A. Jr.: More on puzzolanas 1 61
Klassen, C. W. & W. H. Wiseley: Aeration power unit measures sewage plant efficiency 368
Klaus, Fred J.: Looking ahead to city growth problems *130
Klinger, W. A.: Priming the construction pump 45
Kresler, Chas. H. & R. W. Foster: Harrisburg's waterworks failure during the flood (Cities without water pt 2).... *15

Labarre, R. V.: Test pit exploration kit for foundation study *194
LaCroix, James P.: How army engineers keep costs (tables) 849
Lamb, Clarence F.: Depth of sewage on sand filters 1*623
Lang, P. G. Jr.: Harpers Ferry railroad bridge revamped for highway use..*896
Lanza, A. J.: Health and medical aspects of silicosis (Control of rock dust in construction) pt 1 746
Lawson, Hugh: Double-trac bascule span employs welded design.....*408
Lawton, E. C.: Intercity arterial roads (Current Highway problems).....*685
Leadabrand, Jos. A.: Soil-thread rolling device *9
Learned, Clyde E.: Fighting snowdrifts *6
Leon, J. H.: Spinning cables in the saddles *300
LePrince, J. A.: Malaria and the Mississippi Valley 404
Levens, A. S.: Graphical aid in the solution of Meyer's evaporation formula.*198
Looker, C. D.: Salt on concrete pavement 1 871
Lord, Royal B.: Scattered construction operations connected by radio telephone *855
Lowther, Burton: Low cost chemical precipitation *229

MacDonald, Thomas H.: Tomorrow's roads 868
Martin, Freeman D.: Filtration plant completed at Fort Scott, Kansas....*403
Mavis, F. T., E. Soucek & H. E. Howe: Sutro weir investigations furnish discharge coefficients *679
McCullough, Conde B.: Bridging the Rio Chiriqui on the Pan-American highway *757
Middlebrook, T. A.: Bank construction at Fort Peck.....1 345
Moisseiff, Leon S.: Bridge tower sections.1 655
Moody, H. A.: Temperatures in Tremie concrete *260
Muir, Alexander W.: Cracks and sinks in concrete 158
Mullen, B. J.: Detroit tunes 'up its Springwells pumping plant *393

Nebolsine, Ross: London water supply augmented by new underground system *576
Nicolet, Justin: Fifty-six bridges to span new power canal *181
North, W. G.: Convenient concrete table for contractors' use *77

Ockerblad, A. M.: Slope chaining.....1 904
Slope chaining in the mountains..... 573
O'Hearne, James: Wooden transit 18 years old 1 281

Paine, Clifford E.: Designing bridge towers 700 ft. high *497
Parcel, John I.: Long continuous truss bridge spans Mississippi River.....*362
Parkhurst, D. L.: Instrument for mounting cross-hairs in telescopes.....*113
Patty, R. L.: Age-strength relationship for rammed earth *44
Pennybacker, J. E.: Winter damage to roads in south.....1 314
Perkins, N. S.: Timber roof trusses of 111-ft. span placed by crane after assembly *652
Perry, Bernard F.: Old steel truss bridge moved to serve detour *725
Phillips, Roy L.: Modern brick paving practice *435
Pioda, A. W.: Framed concrete residences.*924
Plummer, Fred L. & G. E. Barnes: Hydraulic and structural work at Case School *365
Plummer, H. C.: Bleachers for Ohio school built of reinforced brick masonry *309
Pratt, E. A.: Sutro weir formula 1 904
Pratt, Lawrence: Adjusting rough traverses *616
Pritchett, John W. & G. C. Commons: Cloudburst and formulas 1 655
Purcell, C. H., C. E. Andrew & C. B. Woodruff: Bay Bridge suspended structure *255
East Bay crossing of the Bay bridge...*737
Pyle, Fred D.: Hodges Dam strengthened.*644
